## Objective

This webinar, which forms a part of a larger project on a Baltic network of EU law experts, focuses on common European legislative search tools and judicial portals that can assist members of the judiciary in their daily work and with cross-border cases. It will explain the two main EU online portals available for a search of EU legislation, other public documents and case law of the EU Courts, EUR-Lex and CURIA, as well as the main portal to search for the European Court of Human Rights case law, HUDOC, and its Knowledge Sharing platform (ECHR-KS), which shares Convention case-law knowledge, complementing the existing information tools such as HUDOC. A step-by-step guide will be provided on how to effectively use the four portals, with examples provided on how to use them to search.
